

## **“Actionary” - Halloween Version**

To play this hysterical game, you must divide the participants into 2 teams. One person goes first and picks a piece of paper with a Horror Movie on it. They have 60 seconds to “ACT” this movie out without using props, their voice or mouthing anything. You must only “ACT” out the clues. If their team guesses the movie, they get a point. The first team to get to 10 points is the winner!
